

# Dell EMC Proven Professional Exam Price Increase

## What is changing?

The price of a Dell EMC Proven Professional exam will increase from \$200 to \$230 effective February 2, 2019.

## When does this change take place?

February 2, 2019

## What is the impact to vouchers?

Any vouchers purchased before February 2, 2019 will continue to be valid at no additional cost. No action is necessary for these vouchers.

Any vouchers purchased on or after Feb 2, 2019 will be available at the new price point.

## I already have a voucher; do I have to do anything?

No, all unexpired vouchers will be honored

## I have a StarterKit, how does affect me?

There will be no change to the price StarterKit offerings. Anyone with a StarterKit can use the accompanying exam voucher as normal, per the validity of the voucher.

## Why are you increasing the price?

The exam voucher price increase is a routine revision in line with industry standards. Understanding the benefits of certification for our customers and partners, and to encourage ongoing certification adoption, the price increase has been kept to a minimum.

## Where can I buy an exam voucher?

Exam vouchers may be purchased through our [education portal](#) by clicking on **Purchase Voucher**

## Still have questions?
